989 Queen Street West, Mississauga, On || L5H 4E1 || C: 416 - 716 - 3385 || ronghosh@live.com

Personal Profile

I am a proficient developer looking for opportunities to develop high quality code to meet business goals. Proven ability to develop program specs, code, debug programs, test, and integrate to deliver applications through the Software Development Life Cycle. I strive to deliver defect free code by conducting unit testing and engaging in peer code reviews.
